## INTERLUDE - SPOKEN WORD:

**|Fm |Ebsus Eb |Cm Bb |Bb |**

## SPOKEN WORD:

Over every temptation ever aimed against us  
Over sin and depression, Over fear and sickness  
Over emptiness and loneliness, Over silence and shame  
Over the potential that we've wasted seeking  
acceptance and fame  
Over racism and hate, Over violence and rage  
Over every substance we've ever taken trying  
to avoid all the pain  
Over success and popularity, Over pride and vanity  
Over every attempt we've ever made to try escape  
our reality  
Over the search for identity, Over the enemy of  
our destinies  
Over the lies from our past that would try and keep us  
from who we're called to be  
Over everything the world would try and tell us to seek  
Over everything we're supposed to want or  
supposedly need  
Over money and possessions, things we're meant to  
sell out to  
Over the "gods" of our generation, things we we're  
meant to bow down to  
Over every name and atmosphere, Over culture and king,  
Jesus over everything, Jesus over everything!

## BRIDGE:
