Battleborn

? = 110

Words & Music by Noah Walker &
Josh Ham

It's all on the line
And it's time to define the divinity that lives in me
Trinity with proclivity to victory
Liberty with a heavenly artillery, like
I'm on the right side of Kingdom grace
First name basis with the Maker of the human
race
We got that W, my portion doubled too
Captain on my team's known for breakthrough
If God is for me what can be against
Redemption is the best defence
I was born for the battle
